

ENVIRONMENTAL POLICY STATEMENT

Premaberg Manufacturing Limited is committed to achieving environmental best practice throughout its activities by:

- Integrating environmental sustainability into strategies, policies and operations.
- Complying with all the relevant requirements of legislation and regulations.
- Promoting the prudent use of natural resources and the elimination of waste and process by-products as a business commitment to the prevention of pollution.
- Providing appropriate training to employees to ensure they are competent to control the activities for which they are responsible and so support the delivery of this policy.
- Developing awareness of employees of the impact they have on the environment and helping them recognise their responsibility for adhering to company procedures and observing instructions to minimise this impact.
- Implementing a transport and travel policy that encourages the use of the sustainable transport options available.
- Working with the relevant external authorities, environmental bodies and associations to keep up to date with the latest developments and to share best practice.
- Working with suppliers and contractors, where possible, to ensure the best use of natural resources and to minimise the environmental impact of their goods, supplies and services.
- Communicating this policy to Premaberg Manufacturing Limited's community and beyond.
- Setting targets and objectives through allocation of capital and resources it will also seek to achieve continual environmental improvement.
- Ensuring compliance with this policy through a process of continued revision, education and regular audit.
